

SSTAR Mentorship Award

The SSTAR Mentorship Award recognizes *extraordinary* contributions to the mentorship of SSTAR members. Recognizing that mentorship should facilitate the professional growth and leadership (in clinical practice and/or research) of all levels of membership, this award is for current SSTAR members who have demonstrated a commitment to mentorship by virtue of number of mentees, time spent, energy expended and the outcomes achieved. Consideration for the SSTAR Mentorship award is by nomination only.

Nominations for the 2020 Mentorship Award should be directed to the President of SSTAR at info@sstarnet.org and must be received **by March 1, 2019**.
